Under part A of the new business section of the agenda, Secretary Kerschen handed the Board members a letter from Steven Parmely requesting to have his journeyman certificate re-instated. Mr. Parmely certificate was issued before 1987 on the City of Wichita test prior to the adoption of the State recognized Block and Associates test. Secretary Kerschen explained to the Board that all trade certificates expired on December 31, 2007. The City ordinance grades a 2 month grace period to renew certificates without retesting. Mr. Parmely did not renew within that grace period as it was on March 10, 2008 when he can to OCI to renew his journeyman certificate. Secretary Kerschen also told the Board that other people holding trade certificates that were issued by taking the City of Wichita exam prior to 1987 were also required to re-test. A motion was made by Board member Whittit that Mr. Parmley would need to successfully pass a current journeyman or master exam prior to re-issuance of his certificate. Board member Alder seconded the motion and it unanimously passed.

Under part A of the unfinished business section of the agenda, the Board continued the review of the major changes in the 2008 National Electrical Code (NEC). The Board continued reviewing the changes in Chapter 4 and started on Chapter 5. Board member Whittit made a motion to have another meeting on April 22, 2008 to continue the review of the 2008 NEC. Board member Johnson seconded the motion and it unanimously passed.

With no other business to conduct, Board member Whittit made a motion to adjourn. Board member Urban seconded the motion and the meeting adjourned.

The time was 4:45 pm.

Tom Kerschen, Secretary,
Board of Electrical Appeals
